

## CURRICULUM VITAE

### Personal data

Name	<b>DANIELE MARIA GIBELLI</b>
Work address	<b>DIPARTIMENTO DI SCIENZE BIOMEDICHE PER LA SALUTE</b> UNIVERSITÀ DEGLI STUDI DI MILANO VIA MANGIAGALLI 31, 20133 MILANO
Home address	VIALE MONZA 165/A MILANO
Phone	<b>0250315399</b> <b>3200619991</b>
E-mail	<b>daniele.gibelli@unimi.it</b>
Citizenship	Italian
Native language	Italian
Other languages	English
Birthdate	10 FEBRUARY 1980
Birthplace	Milan (MI)
ORCID ID	0000-0002-9591-1047
Scopus Author ID	26532520200
Publons	<a href="https://publons.com/a/1295717/">publons.com/a/1295717/</a>

## Education and formation

05 December 2017 - 05 December 2023	Achievement of Italian National Scientific Certificate (SNA) for Associate Professor in Human Anatomy (BIO/16)
2013	PhD in Morphological Sciences (Università degli Studi di Milano)
2009	Medical Specialization in Legal Medicine (Università degli Studi di Milano)
2006	State certification exam in Medicine and Surgery
2005	Degree in Medicine and Surgery (Università degli Studi di Milano)
1999	Classical High School Diploma (Liceo Classico Giosuè Carducci, Milano)

## Present position

Since 31 March 2017	Assistant Professor (RTDb, fixed-term contract) in Human Anatomy (Dipartimento di Scienze Biomediche per la Salute, Università degli Studi di Milano)
---------------------	---

## Work experience

23 December 2013 - 22 December 2016	Assistant Professor (RTDa) in Human Anatomy (Dipartimento di Scienze Biomediche per la Salute, Università degli Studi di Milano)
2012-2013	Member of SBAM SBAM (Sportello Bambino e Adolescente Maltrattato - Centre for the assistance of victims of child and juvenile maltreatment - Clinica De Marchi di Milano)
2012-2013	Assessment of lesions and scars in cases of victims of torture and seeking asylum for the City of Milan
2009-2013	Member of SVSeD Membro come medico legale dell'SVSeD (Service of assistance of victims of sexual abuse - Clinica Mangiagalli di Milano)
From 2007	Medical examiner in anatomic hall with more than 200 autopsy experience
From 2007 to 2013	Expert witness in matter of forensic pathology and anthropology (lesions, judicial autopsies, personal identification of human remains, age estimation of the living, crime scene investigation,

	identification of the living from video-surveillance system images, age estimation in suspected pedopornographic material).
--	---

## Didactic activity

- Member of the didactic board for the PhD course in Integrated Biomedical Research (Università degli Studi di Milano)
- Member of didactic board of PhD course in Integrated Biomedical Research (Dipartimento di Scienze Biomediche per la Salute, Università degli Studi di Milano) since 2014 to 2015
- Teacher for the students of the course degree in Medicine and Surgery and tutor for practicals with plastic models and anatomic hall for anatomical dissections
- Teacher for the students of the course degree of IMS (International Medical School - Medicine and Surgery in English language) and tutor for practicals with plastic models and anatomic hall for anatomical dissections
- Member of teacher board of the Master in Bioarcheology, Paleopathology and Forensic Anthropology (Università degli Studi di Milano, Bologna e Pisa)
- Teacher of the free choice course in History of Anatomy for the course degree in Medicine and Surgery
- Member of the teacher board of post-doc course in Forensic Odontology
- Member of the teacher board and tutor of the *Summer School in Osteology and Anthropology* (Pontestura, AL)
- Expert on the subject of Anthropology for degree courses of Natural Sciences and Arts

## Supervision of students

- Tutor of more than 10 students in thesis concerning osteology and anthropology in degree courses in Medicine and Surgery, Arts, Natural Sciences, Biology
- Between 2014 and 2015 collaborator in tutorship of PhD students in Integrated Biomedical Research (tutor: Prof. Chiarella Sforza)

## Research fields

- 3D image elaboration (stereophotogrammetry and laser scanner) for the acquisition and documentation of faces and dental and osteological material
- 3D segmentation on CT-scan and NMR
- Validation of novel 3D image acquisition systems and test of their reliability in the field of facial anatomy
- Analysis of facial morphology in patients affected by genetic and acquired diseases
- Analysis of facial mimicry in healthy subjects and patients affected by palsy
- Study of anatomical variants of the cranium with applications to otolaryngology, dentistry, maxillofacial and aesthetic/reconstructive surgery, neurology, anthropology
- Analysis of skeletal morphology according to sex, age, ancestry

- Analysis of anatomical individuality and variability
- Analysis of dental anatomy with application to orthodontics
- Paleodemographic and paleopathological study of human remains in archaeological context
- History of medicine, anatomy and anatomical and judicial autopsy practice

## Bibliometric indices

<b>Academic life</b>	<b>11 years</b>
<b>N° publications</b>	<b>87</b>
<b>N° citations</b>	<b>463</b>
<b>H index</b>	<b>13</b>
<b>Total Impact factor</b>	<b>121.502</b>

Source: Scopus, 16 January 2018

## Formation in foreign university and institution

- Workshop on Age estimation of living children via skeletal and dental indicators, Seattle (WA), February the 17<sup>th</sup> 2014
- Workshop on Application of 2D and 3D geometric morphometrics in forensic comparisons, February the 18<sup>th</sup> 2014
- II International Workshop in Clinical Forensic Medicine: Child abuse and neglect (excluding sexual abuse), Montpellier, May the 24<sup>th</sup> 2013
- Workshop on Image analysis - 3D imaging and virtopsies: developments, methods, and reasoning about images, Washington DC, February the 19<sup>th</sup> 2013
- Workshop on Bones and Children: an interdisciplinary approach to forensic issues, Washington DC, February the 18<sup>th</sup> 2013
- Workshop on Setting Mediterranean standards for human identification by physical anthropology, Madeira, Portugal, September the 14<sup>th</sup> 2012
- Workshop on Facial reconstruction, Madeira, Portugal, September the 13<sup>th</sup> 2012
- Workshop on Monitoring conditions of detention and documenting torture, Madeira, Portugal, September the 12<sup>th</sup> 2012
- Workshop “Sexual violence victims and clinical forensic medicine examination methods”, July the 4<sup>th</sup> 2012, Istanbul
- Workshop “Torture victims” sponsored by ICRC, July the 3<sup>rd</sup> 2012, Istanbul
- Workshop on Taphonomy of bone destruction: information lost, information gained, Seattle, Washington, February the 10<sup>th</sup> 2010
- IV European Workshop in Forensic Anthropology, Copenhagen, October 11-15, 2010
- Pre-congress Advanced Course on Anthropology I: Osteopathology (FASE organization), May the 26<sup>th</sup> 2009, Lisboa, Portugal
- Pre-congress advanced course II on Anthropology II: identification of the living (FASE organization), May the 27<sup>th</sup> 2009, Lisboa, Portugal
- III European Workshop in Forensic Anthropology, Madrid, May 31-June 4, 2008
- Advanced Course in forensic anthropology methods for bone trauma analysis, Edinburgh, September 24-25 2008

## Participation to national and international research groups

- Ospedale Fatebenefratelli - Sacco (Dott. Antonio Giancarlo Oliva - Reparto di Radiologia, e Dott. Giovanni Termine - Reparto di Otorinolaringoiatria Ospedale Fatebenefratelli) for the morphological and metric study of anatomical structures and research in the field of anatomical variants from radiological
- Anatomage Inc. for the traslation of anatomical terminology in Italian and Latin for the development of a virtual anatomic table for didactic purposes
- Department of Oral Growth and Development, Queen Mary University of London, Londra (UK), Khartoum Centre for Research and Medical Training, Khartoum (Sudan), e Course of Dentistry, School of Health Science, State University of Amazonas (Brasile), for the morphological and metrical study of faces in different ethnic groups
- Universidade Regional de Blumenau (Brasile) for the research in anatomical and anthropological field
- Società Sidoti & Tartaglia Srl in the field of functional analysis of stomatognathic anatomy
- University of Dusseldorf and Vilnius for the morphological and metrical study of faces and the development of novel methods for age estimation from photographic material.

## Participation to grants

2017	Piano di sostegno alla ricerca 2018-2020 - Università degli Studi di Milano. “3D outdoor: sviluppo e potenziamento dei metodi portatili di acquisizione 3d dell’immagine in ambito clinico e anatomico”: 10000,00 Euro (not funded project)
2016	Marfan Foundation: The Marfan face: an opportunity for earlier diagnosis. PI: Prof. Chiarella Sforza (Università degli Studi di Milano) (not funded project)
2015	Piano di sostegno alla ricerca 2015-2017 - Università degli Studi di Milano. Progetto presentato: “PANDORA: sviluppo di un progetto di donazione cadaveri per la ricerca scientifica in ambito anatomico e antropologico e per l’insegnamento dell’anatomia umana”: 8000,00 Euro (funded project)
2015	Finanziamento sui fondi speciali per le ricerche archeologiche - Università degli Studi di Milano. Progetto proposta: “Ca’ Nostra: programma di recupero dei resti archeologici del sepolcreto dell’ospedale Ca’ Granda”: 3000,00 Euro (funded project)
2015	Bando PRIN: Ultra-FACES: Ultrasound for facial analysis for the early diagnosis of fetal alcohol spectrum disorders. PI: Prof. Enrico Vezzetti (Politecnico di Torino) (not funded project)
2015	Bando PRIN: Archeologia funeraria e società nella tarda antichità e nell’Alto

	Medioevo. PI: Prof. Vincenzo Fiocchi Nicolai (Università degli Studi di Roma “Tor Vergata”) (not funded project)
--	--

## Organization of scientific congresses and events

<b>10 October 2017</b>	Member of the scientific and organization board of the Symposium “Leonardo aveva ragione? La dissezione anatomica su cadavere nell’educazione medica e chirurgica”, Milano
<b>29-30 September 2017</b>	Member of the organizative board for the LAFAS stand-Laboratorio di Anatomia Funzionale dell’Apparato Stomatognatico in MeetMe Tonight 2017 - Faccia a faccia con la ricerca
<b>17 June 2015</b>	Member of the scientific board “MI-Antropo: conferenza di Antropologia”, Milan
<b>2014-2015</b>	Member of the scientific board of the post-doc course Diagnostic del Child Abuse and Neglect, Milan
<b>19 December 2015</b>	Member of the scientific board of the “Ossa e cultura - La storia delle genti di Milano e della Lombardia raccontata dagli scheletri”, Milan
<b>22-24 May 2014</b>	Member of the scientific board of the “3 <sup>rd</sup> European Workshop in Clinical Forensic Medicine” - Milan

## Appointments

<b>Since 2016</b>	Responsible of PANDORA body donation program (Programma Anatomico di Donazione di Cadaveri a scopo di Ricerca Antropologico e Biomedico, Dipartimento di Scienze Biomediche per la Salute - Università degli Studi di Milano)
<b>From 2012 to 2014</b>	Member of MEPROCS (New Methodologies and Protocols of Forensic Identification by Craniofacial Superimposition)
<b>Since 2009</b>	Member of LAFAS (Laboratorio di Anatomia Funzionale dell’Apparato Stomatognatico, Dipartimento di Scienze Biomediche per la Salute - Università degli Studi di Milano)
<b>Since 2005</b>	Member of LABANOF (Laboratorio di Antropologia e Odontologia Forense, Dipartimento di Scienze Biomediche per la Salute - Università degli Studi di Milano)

## Membership to scientific associations

Since 2017	Member of EACA (European Association of Clinical Anatomy)
Since 2017	Member of AAI (Associazione Antropologica Italiana)
Since 2007	Member of FASE (Forensic Anthropology Society of Europe), section of IALM (International Academy of Legal Medicine)
Since 2014	Member of AAA (American Association of Anatomists)
Since 2014	Member of SIAI (Società Italiana di Anatomia e Istologia)
Since 2014	Member of AGFAD (Arbeitsgemeinschaft für Forensische Altersdiagnostik, Study Group on Forensic Age Diagnostics)

## Reviewer activity

Journal of Anatomy
Surgical and Radiological Anatomy
Aesthetic Plastic Surgery
Forensic Science International
Science and Justice
Forensic Science, Medicine and Pathology

## Awards

Since 2015	“Proficiency Test” of AGFAD (Arbeitsgemeinschaft für Forensische Altersdiagnostik, Study Group on Forensic Age Diagnostics) per le sezioni “Medico-legal assessment”, “Dental assessment”, “Radiological assessment”
2013	Certificate of Excellence in Reviewing from Forensic Science International

## Activity in archaeology

2011	Participation to the Longobardian wing construction in the Archaeological Museum of Milan
------	---

2010	Participation to the anthropological study of Roman human remains found in Pioltello for the exhibition “Pioltello Romana rivive - Un vaso eccezionale, un volto, una vita”
------	---

## Scientific publications

### *Publications on international scientific journals*

- **Gibelli D**, Cellina M, Gibelli S, Panzeri M, Oliva AG, Termine G, Sforza C, Sella turcica bridging and ossified carotico-clinoid ligament: correlation with sex and age, *Neuroradiol J* 2018 [Epub ahead of print]
- **Gibelli D**, Pucciarelli V, Poppa P, De Angelis D, Cummaudo M, Pisoni L, Codari M, Cattaneo C, Sforza C, 3D-3D facial superimposition between monozygotic twins: a novel morphological approach to the assessment of differences due to environmental factors, *Leg Med* 2017 [Epub ahead of print]
- **Gibelli D**, Cellina M, Gibelli S, Oliva AG, Codari M, Termine G, Sforza C, Volumetric assessment of sphenoid sinuses through segmentation on CT scan, *Surg Radiol Anat* 2017 [Epub ahead of print]
- Pucciarelli V, **Gibelli D**, Barni L, Gagliano N, Dolci C, Sforza C, Assessing normal smiling function through 3D-3D surfaces registration: an innovative method for the assessment of facial mimicry, *Aesthetic Plast Surg* 2017 [Epub ahead of print]
- **Gibelli D**, Codari M, Pucciarelli V, Dolci C, Sforza C, A quantitative assessment of lip movements in different facial expressions through 3-dimensional on 3-dimensional superimposition: a cross-sectional study, *J Oral Maxillofac Surg* 2017 [Epub ahead of print]
- Dolci C, Pucciarelli V, **Gibelli D**, Codari M, Marelli S, Trifirò G, Pini A, Sforza C, The face in Marfan syndrome: a 3D quantitative approach for a better definition of dysmorphic features, *Clin Anat* [Epub ahead of print]
- Sforza C, Ulaj E, **Gibelli D**, Allevi F, Pucciarelli V, Tarabbia F, Ciprandi D, Dell’Aversana ORabona G, Dolci C, Biglioli F, Three-dimensional superimposition for patients with facial palsy: an innovative method for assessing the success of facial reanimation procedures, *Br J Oral Maxillofac Surg* 2017 [Epub ahead of print]
- **Gibelli D**, De Angelis D, Pucciarelli V, Riboli F, Ferrario VF, Dolci C, Sforza C, Cattaneo C, Application of 3D models of palatal rugae to personal identification: hints at identification from 3D-3D superimposition techniques, *Int J Legal Med* 2017 [Epub ahead of print]
- Caplova Z, Obertova Z, **Gibelli D**, De Angelis D, Mazzarelli D, Sforza C, Cattaneo C, Personal identification of deceased persons: an overview of the current methods based on physical appearance, *J Forensic Sci* 2017 [Epub ahead of print]
- Castoldi E, Cappella A, **Gibelli D**, Sforza C, Cattaneo C, The difficult task of diagnosing cancer metastases on dry bone, *J Forensic Sci* 2017 [Epub ahead of print]
