

Donata Cattaneo – Curriculum vitae

Current Appointment: Associate Professor

Department of Health, Animal Science and Food Safety
Università degli Studi di Milano (Italy)

Field of Specialization: Advances in Animal Nutrition

Academic Qualifications

- 1983 Graduate in Agricultural Sciences with full marks (110/110), Università degli Studi di Milano
- 1993 Doctorate (PhD) in Biotechnology applied to Veterinary Sciences and Animal Husbandry, Università degli Studi di Milano.

Academic and Scientific Career

- 1985-1986 Postgraduate, Institute of Animal Nutrition, Faculty of Agriculture, Università Cattolica del Sacro Cuore, Piacenza (Italy)
- 1989-1992 PhD studentship in Biotechnology applied to Veterinary Sciences and Animal Husbandry, Università degli Studi di Milano
- 1994 -1996 Postdoctoral Fellowship, "Interactions between nutritional status and growth hormone (GH) activity", Institute of Animal Nutrition, Faculty of Veterinary Medicine, Università degli Studi di Milano
- 1993 -1997 (for 12 months) Postdoctoral Visiting Scientist, Laboratory of Nutrient-Cell-Gene Interactions, The Babraham Institute, Cambridge (UK) "Nutritional regulation of growth hormone receptor gene expression"
- 1999-2003 Research Fellowship "Nutrition of periparturient dairy ruminants: role of energetic dietary sources ". Department of Veterinary Sciences and Technologies for Food Safety, Università degli Studi di Milano
- 1998 -2004 Contract Lecturer, Faculty of Veterinary Medicine, Università degli Studi di Milano
- 2005 - Associate Professor
Faculty of Veterinary Medicine, Università degli Studi di Milano

Teaching Activity (courses held at the Università degli Studi di Milano)

Undergraduate and Master programmes :

- 1998/99 Biotechnology and Animal Nutrition
- 2002-2004 Food Biotechnology
- 2004/05 Functional Foods and Feeds
- 2005/06 Dietetic Feeds
- 2005-2011 Small Ruminants
- 2007-2010 Genetically Modified Organisms
- 2010-2011 Molecular Aspects of Nutrition
- 2011-2014 Conventional and GM feeds
- 2011- Livestock Nutrition in Pasture-Based systems
- 2013- Small Ruminants: Nutrition and Product Quality
- 2015- Feed Nutritional Value

Doctoral (PhD) programmes:

- 2005-2011 *In vitro* models applied to animal production
Doctoral (PhD) School in Health and Animal Production: Science, Technologies and Biotechnologies
- 2006-2013 Molecular Diagnostics: applications in nutritional genomics studies
Doctoral (PhD) School of Veterinary Sciences for Health and Food Safety

Major Areas of Interest

- Nutritional and health properties of milk from ruminant species
- Interactions between animal nutrition and health: functional foods, nutraceuticals, bioactive lipids (n-3 fatty acids, CLA).
- Nutrition and gene expression, interactions between genes and food bioactive components
- Food safety

Other activities

- Teaching Staff Member of the PhD in Biotechnology Applied to Veterinary Sciences and Animal Husbandry, Università degli Studi di Milano
- Invited lecturer at international meetings and workshops:
2004: *Desertification Combat and Food Safety - The Added Value of Camel Producers*. NATO Advanced Research Workshop, Ashkabad (Turkmenistan)
2007: *Impact of Pollution on Animal Products*. NATO Programme: Science for Peace and Security. Advanced Research Workshop, Almaty (Kazakhstan)
- Invited professor: 2011: *1st International Food Safety School* (bachelor-master-doctorate level)- Al-Farabi Kazakh National University, Almaty (Kazakhstan)
- 2013-2017: UNIMI coordinator of EU Tempus Capacity Building project "TradPro – Development and Implementation of Master Programmes in Food Safety and the Production and Marketing of TRADitional Food PROducts in Russia and Kazakhstan"
- Scientific Referee for "*International Dairy Journal*", "*Journal of Dairy Research*", "*Italian Journal of Animal Science*", "*Journal of Food Composition and Analysis*", "*Small Ruminant Research*", "*Dairy Science and Technology*", "*Canadian Journal of Zoology*".
- Secretariat of the Post-graduate *Specialisation School in Animal Nutrition* – Università degli Studi di Milano

International collaborations

- Dr Margaret Joy Dauncey - Wolfson College, University of Cambridge, UK
- Dr Bernard Faye - Centre International en Recherche Agronomique pour le Development (CIRAD), Montpellier, France.
- Prof Gaukhar Konuspayeva, - Al Farabi Kazakh National University, Faculty of Biology, Almaty, Kazakhstan.
- Montpellier Supagro - Montpellier, France.

Publications

Author of more than 100 scientific publications (in peer reviewed journals, conference proceedings, chapter of books, scientific & technical periodicals in the field of specialization)

Additional qualifications

1974: Certificate of Proficiency in English (CPE) - University of Cambridge (UK)

Most relevant publications
