

## INFORMAZIONI PERSONALI

name **FAVERZANI STEFANO**  
Address  
Phone  
Fax  
E-mail [stefano.faverzani@unimi.it](mailto:stefano.faverzani@unimi.it) -  
Nationality Italian  
Birth 28/12/1963

## WORKING EXPERIENCES

- Date January 2018  
Member of the Regional Council for the Protection of Animals of Affection and for the fight against stray dogs as representative of the Regional Federation of Orders of Veterinary Physicians of Lombardy
- Date October 2017  
President of the Board of the Veterinary Doctors of the Province of Bergamo
- Employer State University of Milan
- Type of business or sector Department of Veterinary Medicine
- Employment Associate Professor SSD 07H4 (ex VET/08 - Veterinary Internal Medicine and Pharmacology)

- Main tasks and responsibilities
  - Teaching activity:  
 Veterinary Medical Semeiotics Module, Laboratory Diagnostics and Imaging Animal Pictures-Integrated Course of Veterinary Medical Semeiotics and Veterinary Legal Medicine of the Veterinary Medicine Studies Course.  
 Course of Diagnostic Imaging: Ultrasound of the specialization school in Pathology and Clinic of Affectionate Animals  
 Course of Veterinary Medical Semeiotics of the School of Specialization in Pathology and Clinic of Animal  
 Gastroenterology course of the specialization school in Pathology and Clinic of Affectionate Animals  
 Teacher at the Basic Course S.I.U.M.B. of Veterinary Ultrasound ("Ultrasound of the Liver and Biliary Tract")  
 Internship Commission  
 Member of the Council of the School of Specialization in Pathology and Clinic of Affectionate Animals
  
- Date
  - 2013-2015**
- Employer
  - State University of Milan
  
- **Type of business or sector**
  - Faculty of Veterinary Medicine - Department of Veterinary Sciences for Health, Animal Production and Food Safety
- Employment**
  - Associate Professor SSD 07H4 (ex VET/08 - Veterinary Internal Medicine and Pharmacology)
  
- Principali mansioni e responsabilità
  - Teaching activity:  
 Veterinary Medical Semeiotics Module, Laboratory Diagnostics and Imaging Animal Pictures-Integrated Course of Veterinary Medical Semeiotics and Veterinary Legal Medicine of the Veterinary Medicine Studies Course.  
 Course of Diagnostic Imaging: Ultrasound of the specialization school in Pathology and Clinic of Affectionate Animals  
 Internship Commission  
 Faculty Commission for the implementation of the III Program Agreement (construction of the headquarters of Lodi of the Faculty of Veterinary Medicine of Milan)  
 Member of the Council of the School of Specialization in Pathology and Clinic of Affectionate Animals
  
- Date (da – a)
  - 2005-2012**
- Employer
  - State University of Milan
  
- **Type of business or sector**
  - Department of Veterinary Clinical Sciences
- Employment**
  - Associate Professor SSD 07H4 (ex VET/08 - Veterinary Internal Medicine and Pharmacology)

- **Main tasks and responsibilities**

Teaching activity:  
 Diagnostic Module for Images of the Integrated Course of Medical Veterinary Semeiotics and Legal Veterinary Medicine of the Course in Veterinary Medicine.  
 Pathology of Nutrition Module - Training Course "Feeding, Management and Care of Pets"  
 Ultrasound Diagnostic Module - Training Course "Medical Clinic of Affectionate Animals"  
 Ultrasound Diagnostic Module-Training Course "General Medicine, Ultrasound and Vascular Surgery"  
 Ultrasonography Module in Small Animals - Training Course "Ultrasonography and Endoscopy in Animals of Action"  
 Diagnostic Module for Images II-Training Course "Veterinary Oncology"  
 Ultrasound Module - Educational Path "Imaging Diagnostics"  
 Course of Diagnostic Imaging: Ultrasound of the specialization school in Pathology and Clinic of Affectionate Animals  
 Research activity (use of contrast media for ultrasound)  
 Teaching Commission  
 Educational Advisory Board for student guidance  
 Internship Commission  
 Faculty Commission for the implementation of the III Program Agreement (construction of the headquarters of Lodi of the Faculty of Veterinary Medicine of Milan)  
 Director of the Specialization Course in Abdominal Ultrasound of the Dog and Cat  
 Member of the Board of Professors of the Doctorate in Veterinary Clinical Sciences  
 Member of the Council of the School of Specialization in Pathology and Clinic of Affectionate Animals

  - Date **2012-2013**
  - Employer State University of Bologna
- **Type of business or sector**

Faculty of Veterinary Medicine

  - **Employment**

Teacher of the course of "Ultrasonology of the liver and gallbladder" for the II level Master in Ultrasound in Specialized Veterinary Medicine of Small Animals.

  - Date **2002-2003**
  - Employer Università degli Studi di Padova
- **Type of business or sector**

Facoltà di Medicina Veterinaria

  - **Employment**

Contract Professo
- Principali mansioni e responsabilità

Teaching activities:  
 - Veterinary Internal Medicine  
 - Diagnostic Imaging

  - Date **1996-2005**

- Employer State University of Milan
- **Type of business or sector** Department of Veterinary Clinical Sciences
- Employment** Researcher SSD VET-08 (Veterinary Internal Medicine)
- **Main tasks and responsibilities** Teaching activities:
  - Veterinary Semeiotics
  - Diagnostic Imaging
- Date **1994-1996**
- Employer State University of Milan
- **Type of business or sector** Faculty of Veterinary Medicine
- Employment** Post-Doctorate Grant in Medical, Veterinary and Biological Applied Sciences
- Date **1989-1992**
- Employer State University of Milan
- **Type of business or sector** Faculty of Veterinary Medicine
- Employment** Ph.D. Dairy Medicine  
Ph.D. Thesis: "Ultrasonographic examination in the calf"

## STUDIES

- Date 1989-1992
- Nome e tipo di istituto di istruzione o formazione Dottorato di Ricerca
- Principali materie / abilità professionali oggetto dello studio Ultrasonography in Veterinary Medicine
- Qualifica conseguita Dottore di Ricerca
- Date 1983-1989
- Name and type of educational or training institution Corso di Laurea in Medicina Veterinaria - Facoltà di Medicina Veterinaria - Milano
- Qualification achieved Graduated in Veterinary Medicine

PATENTE O PATENTI     B - illimitata

From 1990: Member of research projects sponsored by the  
M.I.U.R. (Ministero dell'Istruzione-Università e Ricerca)  
1995: Cooperation with the Neurologic Institute "Besta" (Milan) in a research  
concerning the Muscular Dystrophy using a dog model of the Duchenne disease.

1999: Seminar on “Diagnosis and therapy of liver diseases of the dog” at the College of Veterinary Practitioners of Pavia

1999: Speaker at the 4th Symposium on Small Animal Gastroenterology (“Medical approach to the liver failure in the dog”), in Milan.

1999: Teacher at the Specialization course in “Microbiologic and Serologic Diagnosis of Small Animal Infectious diseases”, University of Milan Milan.

2000: 1999: Speaker at the 5th Symposium on Small Animal Gastroenterology (“Ultrasonography of the liver”, “Clinics of portosystemic shunts in the dog”), in Milan.

2000: Speaker at the 1st Seminar on Internal Medicine of the sporting dog (“Digestive system and poor performances”), in Milan.

From 2000 to 2005: speaker at the “Practical course of ultrasonography of the dog”, organized by the “Circolo Veterinario Milanese”, in Milan.

1990-1993: Member of the “Società Italiana di Buiatria” and speaker at the annual Congresses in 1990 - 1992 - 1993.

1989 – 2006: Member of the “Società Italiana delle Scienze Veterinarie” and speaker at the annual congresses in 1989 – 1990 – 1991 – 1992 – 1994 – 1997 – 1998 – 1999 – 2002 – 2003 – 2004- 2005

1995, 1997, 1999 e 2000: Presented short communications at the British Small Animal Veterinary Association, in Birmingham.

1999: presented a short communication at the European Society of Veterinary Internal Medicine Congress, Perugia.

2000: presented 2 short communications at the WSAVA-FECAVA World Congress, Amsterdam.

From 2001 to 2003: cooperation with the University of Pisa as member of a national research project “COFIN – ex 40%” sponsored by the Italian National Research Committee (CNR), concerning the cadmium in the livestock and its role in renal diseases.

2002: Seminar on “Role of Ultrasonography in the diagnosis of gastrointestinal diseases of the dog” and “Hematuria in the dog: role of ultrasonography” at the College of Veterinary Practitioners of Bergamo

2003: Teacher at the Specialization course in “Echography and echocardiography”, University of Milan.

2005: Teacher at the Specialization course in “Gastric diseases of the dog”, University of Milan.

2005: Speaker at the National Workshop on “Diagnostic imaging in small animal internal medicine”, organized by the “Società Italiana delle Scienze Veterinarie” (“The role of hepatic ultrasonography in small animal medicine: from the identification of the lesions to diagnosis”).

Since 2005 to 2009 has elected resident of Scientific Board of the “Associazione Veterinaria Italiana di Ecografia Clinica” (A.V.I.E.C.).

2006: Speaker at the symposium on “Ultrasonography for the diagnosis of peritoneal effusion in the dog and cat”, in Bergamo (“Role of the liver in the pathogenesis of the peritoneal effusion”).

2006: Speaker at the “Course on respiratory diseases of the dog and cat”, organized by Unisvet (“Thoracic and mediastinic ultrasonography”)

2006: Speaker at the national congress of “Associazione Italiana Veterinari Piccoli Animali – Felini (AIVPAFe.) on “Feline gastroenterology” (“ultrasonography of the digestive system of the cat”)

2006: Speaker at the “Course of ultrasonography of the dog – base level”, organized by the UNIMEDVET, in Rome.

Since 2007 he is co-founder of the WINFOCUS (Worldwide Interactive Network Focusing On Critical Ultrasound) e responsabile for Veterinary Emergency Medicine-Research Branch

2009-2012: Director of the Specialization course of “Abdominal Ultrasonography of the dog and cat”, University of Milan

2010: member of S.I.U.M.B. (Italian Society for Ultrasonography in Medicine and Biology)
